Advanced Certificate Programme in **Smart Supply Chain Management & Transformation**

IIM Kozhikode

Marketing Partner

jaro education

From the Director's Desk...

In response to the growing demand for professionals skilled in transforming supply chain operations into valuable business insights in today's disruptive world, the Indian Institute of Management Kozhikode (IIMK) has thoughtfully designed the Advanced Certificate Programme in Smart Supply Chain Management & Transformation. This programme, crafted by IIMK's world-class faculty, combines cutting-edge thought leadership with industry-leading insights, empowering participants to confidently tackle complex business challenges with data-driven, informed decision-making. Our growing global footprints acknowledged and accredited by leading institutions of the world are a testimony to the growth we have achieved in our nearly 28-year journey of academic excellence.

At this juncture, it is also pertinent to share that both the future and past are integral to the path taken by an institution on this journey of excellence. Having a wide, far-seeing vision is not an indulgence but an activity that is necessary to give meaning to our present and to give this Institution a sense of purpose, direction and imagination. That is why we have chosen to think in terms of what IIM Kozhikode will be able to contribute to India and the world some three decades from now with 'Vision 2047: Globalizing Indian Thought'. The Institute has set for itself a pre-eminent role with the above motto. The sheer scale, scope and potential impact that India will have on 21st-century business makes us believe that this is a legitimate aspiration.

Achieve the perfect synergy of advanced expertise and practical insights through the Advanced Certificate Programme in Smart Supply Chain Management & Transformation by IIM Kozhikode—where innovation meets opportunity for a brighter future.

Prof. Debashis Chatterjee

Director,
Indian Institute of Management Kozhikode

Industry Insights

“

The Digital Supply Chain Market size was valued at **USD 5.4 billion** in 2023 and is predicted to reach **USD 12.8 billion** by 2030 with a **CAGR of 13.0%** from 2024-2030.

*Next Move Strategy Consulting

93% of companies say they are actively engaged in the process of digitizing their supply chain.

*Manutan

”

Programme Overview

The supply chain industry is brimming with data-rich opportunities. Elevate your career in this competitive market by mastering supply chain management. The IIM Kozhikode – Advanced Certificate Programme in Smart Supply Chain Management & Transformation provides a comprehensive foundation in SCM concepts and equips participants with essential tools and techniques such as descriptive, diagnostic, predictive, prescriptive, and cognitive analytics. This programme covers the traditional supply chain process—planning, sourcing, production, warehousing, distribution, sales, and sustainability—while addressing modern challenges. Participants will explore digital transformation, supply chain sustainability, and the impact of analytics on ROI, risk management, planning accuracy, and operational efficiency. Designed for working executives, the curriculum integrates procurement, operations, and logistics management with a strategic focus on operational excellence. Delivered through online lectures, discussions, simulations, and case analyses, the programme empowers learners to streamline supply chains and deliver maximum customer value efficiently.

Programme Highlights

Executive Alumni Status

Total Programme Fee
(Excluding Application Fee)

INR 2,81,000/- + GST

Instalment Pattern

Booking Amount : INR 95,000/- + GST
3 days from the release of the offer letter

Instalment 1 : INR 93,000/- + GST
15th August 2025

Instalment 2 : INR 93,000/- + GST
15th November 2025

Note:

Easy EMI Options Available*

- The eMDP programmes are designed to deliver a comprehensive learning experience with a focus on the total number of instructional hours as per the programme structure. While the programme is typically planned over a specific duration, the actual duration may vary depending on the completion of the required instructional hours. This ensures that the quality and content of the programme remain intact, irrespective of the time taken for its completion.
- The 120 to 150 hours programme is designed to span 10 to 12 months.
- In case only the Valedictory function is attended, the expenses for it will be separate. These details will be communicated at a later stage, and participants will be required to pay these charges independently.

ASSESSMENT AND EVALUATION

- ▶ The evaluation methodology is the discretion of the faculty. The methodology includes online quizzes, case analysis, class contribution, assignments, and any other component as decided by the faculty. A minimum of 75% attendance is a prerequisite for the successful completion of this programme. The participants will have to secure the minimum pass marks in the evaluation components specified by the faculty.
- ▶ Participants who successfully complete the same and satisfy the requisite attendance criteria will be awarded a Certificate of Completion. Participants who are unable to clear the evaluation criteria but have the requisite attendance will be awarded a Participation Certificate.
- ▶ The programme may require participants to work on individual/group assignments and/or projects. The main objective of such assignments/projects will be to help the participants apply their conceptual learning of the programme to actual organizational decision scenarios.

Programme Certification

- Participants who successfully meet the evaluation criteria and satisfy the requisite attendance criteria will be awarded a '**Certification of Completion**'.
- Participants who are unable to clear the evaluation criteria but have requisite attendance will be awarded a '**Participation Certificate**'.
- Participants will receive certification in the "**Advanced Certificate Programme in Smart Supply Chain Management and Transformation**", offered by IIM Kozhikode.

Programme Director

PROF. RUPESH KUMAR PATI

Professor

Quantitative Methods and Operations Management

Dr. Rupesh Kumar Pati is a Professor in Quantitative Methods and Operations Management at the Indian Institute of Management (IIM) Kozhikode. With a Ph.D. in Supply Chain Management from IIT Roorkee and a gold medal in his master's degree in Industrial Engineering and Management, he brings exceptional academic credentials to his role.

Dr. Pati specializes in sustainability, green supply chain management, project management, and green business. His research contributions are widely recognized, with several publications in reputed journals and presentations at international conferences. His teaching portfolio includes Project Management, Operations Research, Supply Chain Management, Service Operations Management, and Quality Management.

A recipient of numerous accolades, including the Emerald/IAM Indian Management Research Fund Award, Dr. Pati is also actively involved in guiding doctoral theses, furthering research in sustainable innovation and supply chain practices.

Hear From Our Learners

Years of hard work in supply chain management brought me to a crossroads. I knew I needed more. The ASCM - IIMK programme was my gateway to realizing my dreams. The mentorship from the faculty and the cutting-edge curriculum transformed my perspective on supply chain dynamics. When I secured a Supply Chain Manager position at JSW Steel with a 44% salary increase, it felt like all my efforts had finally paid off. Jaro Education was my partner in this electrifying journey, and I'm forever grateful.

MR. SUBHADEEP MOHANTY

Assistant Manager,

ArcelorMittal Nippon Steel India

About the IIM Kozhikode

Started in 1997 with its Post Graduate Programme (PGP), the Indian Institute of Management Kozhikode (IIMK) is on a high growth trajectory today, offering a wide range of academic programmes in the field of management education. These include: Fellow Programme in Management, Executive PG Programmes, Management Development Programmes and Faculty Development Programs. IIMK set up a Satellite campus at Infopark, Kochi, in 2013 dedicated to Executive Education. IIMK also has the unique distinction of launching a PhD (Practice Track) programme for working professionals besides bringing in new dynamic programmes such as the one-year Post Graduate Programme in Business Leadership (2019), MBA in Finance and MBA in Liberal Studies & Management (2020). The institute is also home to IIMK LIVE (Laboratory for Innovation, Venturing, and Entrepreneurship), a first-of-its-kind startup incubation programme and the Indian Business Museum.

IIMK is ranked 3rd as per NIRF India Rankings 2024: Management. The institute also features regularly among top global institutes for its flagship Master of Business Administration (PGP) and Executive Master of Business Administration Programme (EPGP) in the QS World University Rankings. The institute has leapfrogged 100 spots to be placed in the Top 151-200 Institutes in Business & Management Studies globally, and 16+ Asia-Pacific region in the QS World University Rankings 2024. IIM Kozhikode is globally accredited by EQUIS (EFMD) and AMBA (UK).

IIM Kozhikode also made its debut in the prestigious Financial Times Rankings in 2023 and was recently ranked #70 among the top-80 open-enrolment executive program providers globally for the year 2024. The feat has further consolidated the 28-year IIM's footing in an exclusive list of the foremost providers of executive education in the world. The institute had also entered in global top-100 at Rank #77 for FT Masters in Management (MIM) 2023 Rankings, for its full-time MBA programme. IIM Kozhikode has successfully delivered close to 1300 MDP programmes over the past two decades, training more than 41,000 participants from 150+ organizations, which also includes several Fortune 500 companies in the process.
