DIRECTOR'S MESSAGE

In light of the growing need for adept professionals who excel in leadership management, capable of transforming complex challenges into valuable business insights in today's ever-changing landscape, the Indian Institute of Management Kozhikode has meticulously designed the New Age Management Programme for Senior Professionals.

IIM Kozhikode's programmes, designed by world-class faculty with cutting-edge thought leadership and industry-leading insights, empower participants to confidently manage and lead through complex business challenges, driven by informed decision-making abilities. Our expanding global footprint, recognized and accredited by leading institutions worldwide, stands as a testament to the growth achieved in our nearly 28-year journey of academic excellence.

At this juncture, it is also pertinent to share that both the future and past are integral to the path taken by an institution on this journey of excellence. A wide, far-seeing vision is not an indulgence but a necessity to give meaning to our present, providing the institution with a sense of purpose, direction, and imagination. This is why we contemplate what IIM Kozhikode will contribute to India and the world a few decades from now with "Vision 2047." Globalizing Indian Thought. The institute has set for itself a pre-eminent role with this motto. The sheer scale, scope, and potential impact that India will have on 21st-century business makes us believe that this is a legitimate aspiration.

Achieve the perfect synergy of skills to enhance your leadership acumen by enrolling in the New Age Management Programme for Senior Professionals offered by IIM Kozhikode.
