The Week Business Rankings 2023

BT-MDRA India's Best B-Schools 2023

among top B-schools in MBA Universe Ranking 2024

NIRF India Rankings 2023: Management

IIM Tiruchirappalli (IIMT) is one of the fastest-growing second-generation IIMs with a full-fledged state-of-the-art campus spread over 174 acres. Established in 2011, the institute has established its name as one of the premier management Institutions with capabilities in creating and disseminating management knowledge. The institute has 48 faculty members with strong academic and industrial experience.

Faculty members are from leading management educational institutions from India, like IIMs and IITs, and foreign universities. The institute, apart from running its flagship Post Graduate Programme in Management, also has doctoral programmes and postgraduate programmes in business management for working managers.

IIM Tiruchirappalli was conferred with the Leadership & Innovation Award 2020 in the Business School Category by the Higher Education Forum (HEF) at the 11th HEF Annual Convention. The Institute is placed 7th among the top B-Schools in Outlook-ICARE India MBA Rankings 2020.

IIM Tiruchirappalli has been placed at 22nd rank by the National Institutional Ranking Framework, Ministry of Human Resource Development, Government of India (2023), in the category of Management Institutions. The e-learning Center of Executive Education and Consultancy (EEC) furthers the mission of IIMT to reach out to aspiring executives keeping in mind their time and location constraints.

The e-learning programmes enable IIMT to foray into the online Executive Education space with a single-minded focus to make quality management education contemporary, conveniently accessible and affordable.

PROF. SMITA PRASHANT CHATTOPADHYAY

**Organizational Behavior & Human Resource Management,
IIM Trichy
Fellow (IIM Bangalore)**

Prof. Smita Prashant Chattopadhyay holds a doctorate in management from IIM, Bangalore. She has specialized in the area of organizational behaviour and human resource management. Her doctoral thesis was focused on how organizations create and utilize informal entities like communities of practice to enhance employee skills, which cut across organizational silos and create a culture of innovation within the organization. She qualitatively explored existing knowledge management initiatives in an IT organization and identified and proposed processes that could be adopted to develop effective communities of practice.

After her doctorate, she worked for a year at Infosys Limited. Her research at Infosys involved proposing business strategy, structures and models through which organizations could successfully adopt emerging technologies and realize their full potential.

Her current research interests are in the areas of organizational learning, knowledge management, change management, strategic human resource management.
